

Initial Pesticide Applicator and Dealer National Core Manual Training

December 4-7, 2017

Wingate by Airport
2007 North Oakes St.
Helena, MT 59601
(406) 449-3000

CONTACT: Jolene Warnke-Roszel, Training and Development Specialist, (406) 444-3732
or jwarnke-roszel@mt.gov

- The Montana Department of Agriculture is sponsoring Initial Pesticide Training for persons interested in becoming a commercial or governmental pesticide applicator and/or pesticide dealer. The cost of the 4-day training is \$75.00. This cost does not include hotel room or meals except those noted on the agenda. You must pre-register by the deadline and class size is limited.
- This training is designed to prepare applicants for most of the material on the National Core Exam in Montana, provide hands-on-exercises, and discuss licensing requirements, and resources that are available to applicators. While much of the information in the National Pesticide Applicator Certification Core Manual is covered, the session contains a lot of information in a short period of time. You will need to **study the manual(s) prior to attending** in order to pass the exam(s) required for obtaining a pesticide applicator or dealer license. Help sessions will be available each day to provide additional study opportunities and one-on-one assistance.
- **Testing:** The National Core Exam will be proctored at the training location on the final day (Friday) of the training. Testing is optional but highly recommended. For applicators, you must pass both the National Core and at least one Category exam. Dealers need only pass the National Core exam. Category testing will immediately follow the National Core exam.
- **The Initial Core training does not provide any category specific information.** Each category requires a separate study manual. Manuals may not be available on training day so it is highly recommended that manuals be purchased prior to that date.
- **Licensing:** Licenses are not issued onsite even if exams are passed. There are several other requirements that must be fulfilled before a license is issued. Those requirements will be covered before testing begins.
- **Room Reservations:** A limited block of rooms is reserved for attendees at this hotel. If you wish to make a reservation you must call the hotel directly by November 1. After that date, rooms are based on availability.
- **Meals-** the hotel provides breakfast for those staying at this hotel. We will provide coffee, hot tea, water, morning and afternoon snacks each day, lunch on Tuesday and Wednesday, and beverages only Thursday morning.

To Order Training Manuals AND/OR to register for the training:

<https://otc.cdc.nicusa.com/Public2.aspx?portal=montana&organization=Department%20of%20Agriculture%20-%20ASD>

Or call the Helena office at 406-444-5400

2017 Initial Training Registration Form

Registration Forms, Agendas, and online payment portal can be found at:
<http://agr.mt.gov/agr/Programs/Pesticides/ApplicatorTraining/>

Registering through the online system is highly encouraged to ensure faster processing of your registration. Registration forms must include complete payment and **must** be received by the registration deadline. **Photo ID must be presented at check-in.**

Registration must include full payment. The training below is a “test-preparation” training and requires the separate purchase and review of the manual prior to the training date. Manuals can be purchased online. Testing will be proctored immediately following the training.
